

Applicant: John W. Haim
Application No.: 10/077,077

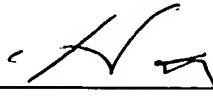

REMARKS

Claims 1-8 have been provisionally rejected for obviousness-type double patenting over related pending application 09/904,001. Applicant has yet to receive the Action on that application as reflected in the attached PAIR report for that case which indicates an Action has been generated, but not yet mailed. Applicant does not know why there is a delay in processing that application.

The issue of double patenting over the present claims can be addressed in pending application 09/904,001. The delay in the processing of that application should not impair applicant's ability to have a patent issued on this case. Accordingly, applicant requests reconsideration and immediate allowance of the claims in this case.

Respectfully submitted,

John W. Haim
